# INTERSCOPE CAPITOL, REPUBLIC, AND SABRINA CARPENTER LEAD A GENRE-SPANNING YEAR IN MUSIC

The 2025 Mediabase chart year will be remembered as a defining moment for music, a year where global icons, rising stars, and genre innovators converged to create a soundscape that was as diverse as it was dynamic. From pop's mainstream triumphs to Latin and K-pop's global surge, and from gospel's inspirational power to dance music's electrifying beats, this year's charts tell a story of creativity, cultural impact, and industry evolution.

Competition among labels was fierce, but Interscope Capitol emerged as the overall market share leader, closely followed by Republic, with RCA, Atlantic, and Warner rounding out the Top 5. These labels did not just dominate; they shaped the year's musical narrative across multiple formats.

Interscope Capitol took this year's coveted top label crown, with an astounding 22% share (up from last year's #3 slot and 12.8%). Interscope Capitol also scored the top label at Rhythmic (27.1%), Urban (33.2%), and Triple A (14.4%). They also achieved #2 honors at Top 40, R&B and Hot AC, and were top 3 at AC, Spanish Contemporary and Dance. Artists that contributed to Interscope Capitol's dominant year-end showing included Kendrick Lamar, Lady Gaga, Billie Eilish, GloRilla, Playboi Carti, Leon Thomas, Doechii, Summer Walker, Head And The Heart, Karol G, and J Balvin. Two of their major success stories were the collaborations of Lady Gaga & Bruno Mars "Die With A Smile" and Kendrick Lamar & SZA "luther" which nabbed the top song spots and resonated across several formats this year.

Republic lands in the #2 spot for 2025 with an impressive 19.8% share (up from last year's overall chart share of 18.5%). Republic led the charge in Top 40 with a 29.1% share, R&B (13.3%), Hot AC (25.8%), and Dance (13.3%). Republic also held the #2 slots at Rhythmic, Urban, AC, and Triple A. Top artists for the label included Sabrina Carpenter (which topped the Most Played Artists at Big Picture, Top 40, and Hot AC), The Weeknd, Morgan Wallen, Chappell Roan, Lola Young (who landed as this year's top song at Triple A) Drake, Coco Jones, Volbeat, and the pop culture global phenomenon K-pop Demon Hunters' HUNTR/X (EJAE, Audrey Nuna, and Rei Ami).

RCA is this year's #3 label with a strong 10.6% overall share. The label had Top 5 honors at multiple formats including Top 40, Rhythmic, Urban, R&B, Hot AC, AC, Active Rock, Alternative, and Triple A. Chris Brown took the top song spot with "Residuals" at both Urban and R&B. Brown also scored Most Played Artist honors at R&B this year. Other heavy hitters for RCA included Myles Smith (who was this year's Most Played Artist at Alternative), Three Days Grace, SZA, Tate McRae, and Latto.

Atlantic jumps into the Top 5 this year, landing at #4 with a 9.7% overall label share (up from a 6<sup>th</sup> place finish and 6.3% share in 2024). Atlantic had Top 5 showings at Top 40, Rhythmic, Urban, Hot AC, Alternative, and Dance. Top artists for the label this year included Alex Warren, Shinedown, and Jordan Adetunji. Warren scored big at four formats with "Ordinary," breaking records at Top 40 and Hot AC by holding the longest-running #1 spot in Mediabase chart history. Shinedown had three different songs chart across the board, and Adetunji charted on two separate charts.

Warner rounds out this year's Top 5, with a 6.8% overall label share. Warner scored the top spot at Alternative and AC, #2 at Spanish Contemporary, landed at #3 at Hot AC, Active Rock, Triple A, and Tropical, and placed at #4 at Dance. Teddy Swims and Benson Boone claimed the top two songs at AC for 2025. The two also flipped their way in and scored high at multiple formats. Other major artists for Warner this year included Linkin Park (Active Rock's Most Played Artist), Green Day, The Black Keys, Myke Towers, and David Guetta.

Other major achievements this year: Concord claimed Active Rock leadership, and Big Loud continued to surge at Country with a roster that included heavy hitters like Morgan Wallen. Hollywood surfed their way into the top three at Alternative, with San Diego's chart-newcomers almost monday, while Glassnote's iconic Mumford & Sons reigned supreme as the Most Played Artist at Triple A.

Equally competitive were Capitol CMG and Motown Gospel, as they dominated Christian and Gospel. Tamela Mann, Yolanda Adams, Kirk Franklin, Crowder, Phil Wickham and Brandon Lake inspired audiences in the Gospel and Christian AC genres.

Bad Bunny, Karol G, Shakira, Rauw Alejandro, and Eden Muñoz extended Latin music's global reach, delivering hits that cemented the genre's influence on mainstream playlists. Sony Music Latin and UMLE continued to lead the way at various Latin formats.

Dance music remained unstoppable thanks to Tiësto, David Guetta, and Dom Dolla. Armada also had strong showings at Dance, making them the #2 Overall Dance label, with a roster including D.O.D, Armin van Buuren, Loud Luxury, and more. While Smooth Jazz continues to bring elegance and artistry to the charts, Shanachie stands tall as the format's leading label, Blake Aaron delivers chart topping hits as the Most Played Artist, and Donald Hayes featuring Nathan East's "Longing For You" held the top song slot.

2025 was not just about chart positions; it was about cultural impact. These artists and labels did not simply release songs; they created moments that defined the year and set the stage for the future of music.

- The 2025 chart year is based on the time period from November 3, 2024 through November 8, 2025.
- All spins are tallied for the full date frame as listed above, and then converted into percentages for the chart share.
- The final chart share includes all applicable label split-credit as submitted to Mediabase during the year.
- Regarding artists, if a song had split credit, each artist featured was given a percentage for the artist category that was assigned to the label share.
- Nine formats contribute to the overall number: Top 40, Rhythmic, Urban, R&B, Hot AC, AC, Active Rock, Alternative, and Triple A.

The Artist Power Index ranks the worldwide popularity of musical artists based on streaming audience, airplay audience and social network activity over the previous seven days, along with ticket sales and market activity for live concerts over the past 30 days. Individual rankings are weighted to determine index rank, with Live as the heaviest weighted ranking followed by Streaming, Airplay and Social in that order.  
 \*DNP = Did Not Play - artist had no shows in Pollstar's database over the last 30 days or no recent Boxoffice reports. Rankings in RED signify positive index trajectory. "NEW" designates an appearance for the first time in the last 13 weeks. The 2025 Year-End Artist Power Index reflects cumulative index performance for issue dates 11/22/24 through 11/14/25. ## Celebrating a Year of Music Built Together

Every milestone in this industry starts with talent, teamwork, and the countless hands that bring music to life. The same is true for the awards we create, each one crafted by hand with the same care and precision that artists and teams pour into their work.

We are proud of the partnerships that make these moments possible and grateful to the labels, managers, creatives, and crews who trust us to honor the achievements that shaped this year.
